Our Service

Mobile Crisis Response

Pearl's Center of Hope, Inc. provides 24/7 rapid response, assessment and early intervention to individuals experiencing crisis.

The purpose of this service is:

- Prevention of acute exacerbation of symptoms
- Prevention of harm to the individual or others
- Provision of quality intervention in the least restrictive setting
- Development of an immediate plan of safety to help avoid higher level of care

Community Based Stabilization

Patients in the program receive intensive psychiatric management to help them stabilize as quickly as possible.

Continued treatment is offered to meet ongoing mental, emotional, and physical needs.

Our Services

Peer Recovery

Peer Recovery Support Specialists are individuals who are in recovery from substance use or co-occurring mental health disorders.

Their life experiences and recovery allow them to provide recovery support in such a way that others can benefit from their experiences.

Outpatient Counseling

We provide services to clients who are age 5 and 95.

We provide therapy to clients who are located throughout the state of Virginia using our secure telehealth platform. Through outpatient counseling and many other services, we aim to provide an outpatient counseling practice that provides in-person therapy in Petersburg, Virginia.
